# JONGHOLLANDIA & BETONTANC PRESENT EVERYBODY FOR BERLUSCONI

A democratic answer to weapons of mass seduction

What should we do with Mr. Berlusconi? We create a fiction-faction story out of the life of a post modern politician, a phenomenon in 21st century European society.

A performance about miracles, an authoritative modern media regime, about football, good food, democracy, television shows, porn politics, Europe, great style and bad taste, all of this mixed with Italo-disco, Italian b-movie soundtracks and great Tarantella vibes.

*"In this world I only see dwarfs. A lot of dwarfs. Giants I don't see. Except for myself."*  
(Silvio Berlusconi)
